Architecture

Home

- Quick overview of main offerings, links to popular destinations, and featured resources (e.g., trip planner, beginner guides).

Destinations

- **List of Places**: Shows all ski resorts/destinations with filtering options by region, difficulty level, amenities, etc.
- **Single Place Details**: Each destination page includes:
  - Resort Information: Snow conditions, facilities, difficulty levels
  - Map & Access: Travel directions, transport options
  - Accommodation Options: Hotels, chalets, budget stays
  - Local Highlights: Key attractions, dining, and après-ski options
  - **User experience:** share your reviews of the place

Trip Planner

- **Travel Packages**:
  - **Family Package**: Suitable options and itineraries for families with children
  - **Group Package**: Discounted options for large groups, team-building resources
- **Generate a Trip**: Interactive tool to build custom trips based on user preferences (budget, location, experience level)
- **Solo Planning**:
  - **Itinerary Builder**: Customize day-by-day plans, including resort activities and local attractions

Skiing Information

- **Beginner Guide**:

- Basic skiing techniques, safety, and first-time essentials

- Tips on renting gear and understanding basic equipment

- **Equipment Guide**:

  - Ski and snowboard types, clothing recommendations, and safety equipment

  - Rental vs. purchase recommendations

- **Ski Events**:

  - Calendar of skiing events and competitions at popular resorts

  - Options for event-based trips (e.g., attending a ski race or festival)

Contact

- **Support**: General inquiries, help desk, and FAQs

- **Booking Assistance**: Personalized support for group packages or custom trips

- **Feedback**: User feedback and reviews section to improve offerings
